LICENSING DAY.

The licenses of the public houses in the Ashford division were renewed. The following new licenses were applied for:—

....

Mr. Delasaux, solicitor, Canterbury, applied for a license for the "Victoria Arms" beershop, Appledore, kept by James Everton. The application was opposed by the landlord of the "Lion Inn," Appledore.

....

The Bench retired to consider the applications, and on returning into Court announced that they had decided to refuse all of them with the exception of that for the "Man of Kent," Ashford, kept by William Richard Brown, and for that house they had decided to grant a license.

I am informed that the premises has been demolished for use as new houses. Date unknown at present, local knowledge required please.
